- Largest single task order exceeded \$7 million
- Executed multi-site military and federal projects involving roofing, renovations, infrastructure, drainage, concrete, utilities, and security improvements
- Negotiated Requests for Equitable Adjustment (REA) with federal agencies
- Completed projects for Department of Defense, GSA, VA, DHS, CBP, Treasury, National Park Service, and other agencies

Professional Experience

Founder and principal of ABECO Contracting, Inc., a federal construction company that performed work throughout the United States as a prime contractor on military, federal, infrastructure, and renovation projects.

Project experience includes roofing systems, building renovations, detention and security improvements, drainage systems, concrete paving, flight line concrete, utilities, roadway work, environmental projects, and interior renovations under multiple federal contract vehicles.

Representative Federal Contract Experience

Department of Defense — Tinker Air Force Base IDIQ Roofing Program

Prime contractor on a five-year IDIQ roofing contract (FA810109D0005) with an aggregate contract value of approximately \$43 million. Managed multiple roofing system replacement projects throughout Tinker Air Force Base. The largest individual task order exceeded \$7 million. All delivery orders were completed on time and within budget.

Texas National Guard MATOC Program

Executed multiple award task order construction projects throughout Texas military facilities under Contract W912L105D0010. Scope included roofing projects, site drainage systems, flight line concrete, roadway concrete, electrical projects, and building renovations.

Defense Commissary Agency ROCCS Program

Completed multi-state commissary renovation projects under rapid ordering contract systems for facilities including Lackland AFB, Randolph AFB, Fort Sam Houston, Fort Bliss, Fort Carson, Naval Station Great Lakes, Fort Riley, Fort Leavenworth, McConnell AFB, and additional military installations. Projects were completed on schedule and within budget.

U.S. Customs and Border Protection JOC Program

Performed renovation, detention facility security, traffic control, and safety improvement projects at border facilities in Laredo, Roma, McAllen, Del Rio, Eagle Pass, and San Antonio under Department of Homeland Security contracts.

General Services Administration Roofing Projects

Completed multiple federal roofing projects for GSA facilities, including major projects in San Antonio, Texas and Kailua, Hawaii.

Department of Veterans Affairs Projects

Managed multiple federal construction and renovation projects for VA facilities involving commercial and institutional construction work.

National Park Service Infrastructure Projects

Completed roadway, heavy civil, and specialty construction projects for National Park Service facilities, including work at Big Bend National Park.
